- If we decide to increase the rates, we will notify you as soon as possible.

What would the estimated balance be after 12 months based on £1,000, £15,000 and £35,000 deposits?

The balance in your account after 12 months will depend on how much and when you deposit funds and the applicable interest rate. This projection is provided for illustration purposes only and does not take into account your individual circumstances. The projection assumes that funds lodged are left for 12 months and no rate changes have taken effect. Any lodgements or withdrawals will affect the interest you earn.
