Representative example:

Loan value: £171,663, Loan term: 28 years, Loan Type: Green Fixed rate for 5 years, reverting to standard variable rate for the remaining term, Initial monthly repayments: £800.13, followed by a repayment of £888.15 for the remaining term, Fixed rate: 3.40% for 5 years, Standard variable rate: currently 4.45%, APRC (annual percentage rate of charge): 4.26%, Number of monthly instalments: 336. The following fees are included in the calculation for this example: Funds transfer fee, £30; Mortgage exit fee, £55; If the rates do not vary during the term of the mortgage, the total cost of credit (the total amount repayable less the amount of the mortgage) would be £121,559.20. This means that the borrower would have to pay a total amount of £293,222.20. Home insurance is required.

* The Bank will appoint a solicitor to act on its behalf only for the remortgage and will pay the standard solicitor fees, VAT and the cost of standard disbursements directly relating to the remortgage. Depending on your circumstances other legal fees may apply which you will have to pay for, for example first registration of land or change of names on the mortgage (please note this is not exhaustive). If you seek additional independent legal advice as part of your remortgage you must arrange to pay for those services yourself.

In some cases your current lender may charge you an early redemption fee or other administrative fees to exit your current loan(s).

**Applies to new lending only - cashback is payable within one month of draw down, subject to the loan not being redeemed during that time. Cashback applies as follows: 5 Year fixed Green mortgage - £500. Some exclusions apply: Further Advances, and loans less than £100,000.

YOUR HOME MAY BE REPOSSESSED IF YOU DO NOT KEEP UP REPAYMENTS ON YOUR MORTGAGE
